Dr. Kirstie Ball

Surveillance & Society Journal

- **The Surveillance Society is not a monolith**
- **It has domains, comprising:**
 - Actors (individuals, groups and organizations)
 - Institutions
 - Systems of governance and regulation
 - Technologies, Infrastructures and Practices
 - Political, cultural and social issues
- **The workplace is one such domain, with its own set of dynamics**

A decorative graphic consisting of several overlapping, semi-transparent purple squares of various sizes, located in the upper left corner of the slide.

Jonathan Bamford

Asst. Inf. Commissioner

- **Protecting their information concerns the public (2nd highest concern after preventing crime)**
- **Identity management can offer more privacy friendly options**
- **Identity management can help comply with the DPA and inspire public confidence**
