

Bernard Ovink

Visa Europe

- **‘there’s no such thing as a free lunch’**
 - rigorous Cost/Benefit analysis
 - seek synergies
 - build on existing assets
- **learn from mistakes**
 - just because you can do something doesn’t mean it will be a success
 - how have precedents fared?
- **openness, interoperability**
 - avoid tailor-made solutions
 - keep interoperability options open

Graham Titterington

Ovum

- No form of authentication is fool proof
- Authentication needs to be easy to use in whatever environment it is needed
- Authentication checks consistency of the identity, not the accuracy of the identity

Simon Moore

Nat. Policing Imp. Agency

■ UPISA

- intelligence sharing drives =
- to secure access

■ Mobility

- drive for policing mobility =
- need for assured information at point of decision

■ Biometric ID

- use of biometric ID =
- opportunity to improve police – public interaction
